A copy of a letter given to William Muddell
by Capt E. H. Russell to present to Capt W. Duke
Sagadahoc October 8th 1845

To Capt Duke

Permit me to
introduce to you Mr William Muddell late
first officer of the Barque Servant. Under
my command, who has discharged his
duties to my satisfaction, but owing to
difficulties between him & the second officer
and an unforeseen accident that has occurred
here, I have been obliged to discharge him
which was far from my intention when
I came to this port. In speaking of the
many good qualifications that Mr Muddell
is possessed of I am happy to say that as regards
his whaling capacities he has done well with
me, & that I have no hesitation in saying
that he is capable of giving good satisfaction
to any one who may be in want of a first officer
of any whaler or Merchantman; if you
could assist him in that line of business
it will be greatly appreciated by your

Obedient Servant

Edward H Russell
Master Barque Servant

*Ground of the same color as
the ground on which the flowers
are painted. The ground is
painted in a light blue color.*

*The ground is painted in a light blue color.
The ground is painted in a light blue color.
The ground is painted in a light blue color.
The ground is painted in a light blue color.*

*Midst all the dear & valued ones who claim
A kind remembrance in thy youthful breast
Respected friend, I fain would have my name,
By memory hand inscribed among the rest—
And when in future years, though far away
And many kindly whispered words of praise,
Or when the unkind powers of memory,
Have to recall the scenes of by gone days—
Deign to bestow a passing thought on me,
However blessed may be thy happy lot,
And if thou art clouded in adversity,
Midst thoughts of dearer friends, forget me not.*
William

Midst all the dear
